LEMON LIME HARD SELTZER · ON DRAFT OR IN CANS

A SELTZER YOU'LL BE PROUD TO POUR

Most bars carry a seltzer because they have to. This is one you'll want on the menu: real fruit and real sugar blended into a crisp 5% seltzer, made in Virginia by a family that has been feeding the Valley since 1980.

WHY IT WORKS BEHIND YOUR BAR

1

Real fruit you can taste

We make our own lemon-lime syrup from real fruit and real sugar. No chemical flavoring.

2

Easy on the tap

Sixtels with dated keg collars. A small keg turns fast and fits a rotating handle. No free line? Start with cans.

3

A local name guests know

Brewed in Vint Hill, Virginia, by a Winchester family whose food trucks and catering already have a following.

THE STORY

SEXI MEXI's seltzer comes from three generations of female restaurateurs. In 1980, this Hispanic matriarchy opened the valley's first authentic Mexican restaurant in Strasburg, Virginia. Today the legacy continues with food trucks, catering & Cristina's Commissary – Winchester's first shared-use kitchen. The seltzer begins its journey at the Commissary, where our proprietary citrus blend was born.
